

Merry Moose Childcare and Preschool 3 Summer School Age Program

We are very excited to share details with you about the summer school age program we are offering here at Merry Moose Childcare and Preschool 3. Your child is eligible to attend because they previously attended Merry Moose Childcare and Preschool, or they have a sibling currently enrolled in the program.

Children learn in three ways; see it, hear it, do it. This will apply to your child's experience at Merry Moose this summer. There are fun themes planned for each biweekly period as well as the projects the school age children will attend to. Fun, fun, fun is in the works for your school age child!

We offer:

Project Approach Learning- "Soil to Stand" Project

Reading Buddies- In center reading with younger age children

Bi-Weekly Library Visits- Walking to the Library, summer library program

Summer Readopoly Program- Home and School collaboration

Technology Time- (supervised)

- Pajama Sam (up to age 8-critical thinking and problem solving)
- ABC Mouse (up to age 8-math/science, language/literacy, cognitive, social studies, arts)

Nutritious Meals

Let us know ASAP if you plan to have your child attend.

If you have any questions, please contact me at merrymoosechildcare@gmail.com or 320-266-2162.

Thank you,

Mande Hatten

Director
